Witness Statement

Name: Aunt Sarah

Date: Wednesday Afternoon

Statement: I was in the garden when I heard a loud *CLINK* in the kitchen. I looked through the window and saw Timmy standing by the counter. He looked very nervous! I didn't see anyone else, but I did hear a tail wagging...

Signature

Paws & Claws Veterinary Clinic

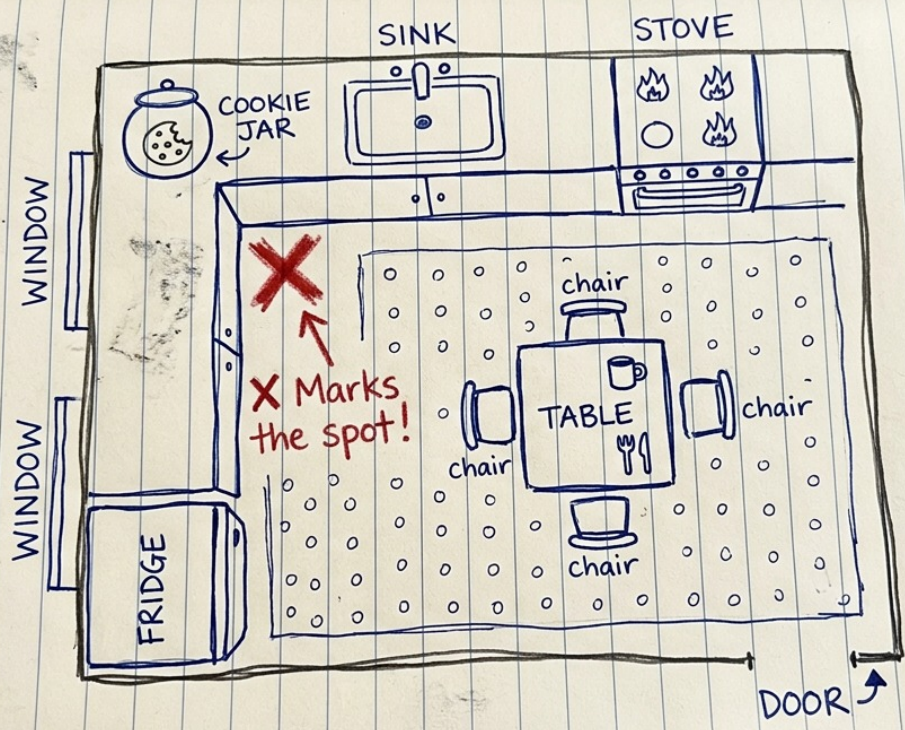

Patient Name: Buster

Breed: Yellow Labrador

Notes: Buster is a very healthy boy.

Warning: He is highly motivated by cookies! He has been known to do almost anything for a ginger snap.

Recent Update: He recently got a new **bright blue collar** which matches his bright blue leash.

Mr. Whiskers' Sleepy Diary

9:00 AM: Woke up. Stretched. Yawned. Slept again.

10:30 AM: Moved from the rug to the window. Too much sun. Slept.

12:00 PM: Lunch? No. More sleep. The kitchen was noisy but I didn't care.

2:00 PM: Still sleeping. Someone was running near the cookie jar, but I was too busy dreaming of tuna.
